Opening

The Department of Mathematics at the University of Fribourg, Switzerland, invites applications for one

Postdoc Position

for **two years starting September 1, 2016**, or as soon as possible thereafter, in the framework of the SNFS project Arrangements: topology and combinatorics at the University of Fribourg.

We welcome applications from all areas pertinent to the project, such as algebraic combinatorics, combinatorial topology, matroids and oriented matroids. We especially encourage applications from researchers with background in algebraic geometry and an interest in its interactions with combinatorics.

We offer an attractive salary, a moderate teaching load and a stimulating and friendly working environment, well-connected in the Swiss academic network as well as internationally. Fribourgs lively and diverse university contributes to the active cultural and social life of the town which, being on the main rail line between Geneva and Zurich, has many other Swiss cities within easy reach.

We invite applications, including CV, publications list, two letters of recommendation and a summary of research interests (ca. 3 pages), to be submitted electronically **to isabella.trabelsi@unifr.ch** (Isabella Trabelsi). Review of the applications will **begin on April 3rd, 2016,** and continue until the position is filled.
