

PROMYS Europe

A partnership of PROMYS, Wadham College and the Mathematical Institute at the University of Oxford, and the Clay Mathematics Institute

7 July – 17 August 2024 at Wadham College, Oxford

www.promys-europe.org

**Six weeks of challenging and stimulating mathematical exploration,
for mathematically ambitious school students aged 16+
from across Europe**

PROMYS Europe changed the way I look at simple problems. It showed me that even what I thought was obvious is not obvious • After each lecture, I left the Mathematical Institute even more fascinated by the beauty of mathematics • It was amazing to exchange ideas and experience with other people with similar interests! • Magical, Addictive, Unforgettable • I really enjoyed the programme and think that anyone interested in maths should at least apply! – Students, PROMYS Europe 2023

The programme offers pre-university students from across Europe an extraordinary opportunity to engage with deep mathematical ideas – CMI President

Selection is needs-blind and based on merit alone. Partial or full financial aid is available for those who need it.
The programme is dedicated to the principle that no one should be unable to attend for financial reasons.
